

## **“Healthy Udders, Optimal Milk”**

**PRESENTED BY: Dr. Pam Ruegg**

**Always LIVE on a Wednesday, from Noon – 1:00 p.m. CDT \*\*  
Participate in all three or select just one.**

**Wednesday, November 18 (register by Nov. 11)**

### ***IMPACT OF BEDDING CHOICES ON UDDER HEALTH OF FREESTALL HERDS***

Clean and recycled sand may be the common types of bedding used in freestall operations but many farms have mattresses topped with organic bedding while other farms use manure based bedding systems. These choices can affect udder health and milk production. In this webinar we will discuss the results of a recent study conducted on Wisconsin dairy herds. We will cover the differences in milk yield, somatic cell count and other measures of udder health as well as some practical suggestions for how to best manage these types of bedding.

**Wednesday, December 2 (register by Nov. 25)**

### ***USING KEY PERFORMANCE INDICATORS TO MANAGE UDDER HEALTH***

There's a common saying, "if you don't measure it you can't manage it." Sometimes it's easy to get overwhelmed with the amount of data that is available, especially for milking performance and SCC. In this webinar, we will review and prioritize key performance indicators that simplify managing udder health and the milking center.

**Wednesday, January 6 (register by Dec. 30)**

### ***TREATMENT UPDATE: 5 KEYS TO MAXIMIZING RESULTS OF CLINICAL MASTITIS TREATMENTS***

Mastitis is the most common reason antibiotics are administered to dairy cows. Understanding when a cow will benefit from antibiotics and how to administer the therapy can result in more efficient and effective mastitis treatments. In this webinar we will discuss 5 key factors that should be considered before a cow with clinical mastitis is treated.

***Sign up today online or call PDPW!***

*PDPW members register for \$100 per session or save when you sign up for the entire series at \$275.  
Non-PDPW members can register at \$125 per session or save when you sign up for the entire series at \$350.*

**\*\* If you have a date/time conflict, you can watch a fully recorded version at your leisure.**

**You must be registered to receive a recorded session.**
