# Xcalibur™ 360IX

ULTIMATE

INTERNAL ROTARY

*This platform provides the most relaxed milking and quickest entrance and exit traffic. Ideal operator comfort available with the unique zigzag deck design. Xcalibur 360IX maximizes parlor performance.*

## Rugged and powerful, the Xcalibur 360IX brings a new standard for internal rotary milking.

- **Comfort** – Comfort is delivered for the cows and operators throughout the design
- **Ultimate udder access** – Through the zigzag curbing design, operators will have the best access to the udder
- **Labor Savings** – The management and ease of access of an internal rotary provides a labor savings as compared to a much larger parallel barn
- **Forget “downtime”** – The Xcalibur’s rugged electric drive will keep the platform turning reliably, milking after milking
- **Heavy duty** – BouMatic’s internal rotary is designed to around-the-clock milking built to last the test of time
- **Integrated console** – Key milking components are within easy reach of the operators and protected
