# AGRICULTURAL *Banking*

## *We Believe in Agriculture*

Security Financial Bank was founded by local farmers and businesses for the purpose of providing loans to agricultural producers.

Since 1934, SFB has grown to more than \$875 million in assets, all while maintaining its focus on local farmers and business owners.

## *Bankers in the Field*

Many of our ag bankers are also farmers. They understand our ag clients and their operations. Connecting through personal relationships, regular visits to your farm, and a shared belief of success.

Connect with the SFB Ag Team to learn about the resources available to maximize the success of your ag operation.
