Professional Dairy Producers (PDP) is proud to host our annual blood drive as a way of showing our deep appreciation for the men and women whose hard work makes Wisconsin the nation's leading state in cheese production.

♥ Donors will be treated to an array of dairy refreshments, including mac and cheese, crackers and cheese, and ice cream bars.

The simple act of giving blood
is a small thing compared to the work Wisconsin dairy producers do every day. Please help us ensure there's a ready supply of blood products in case of emergencies. We welcome our industry partners to celebrate this event with us. Please share the link to broaden the reach of the efforts of the Red Cross for the sake of the entire dairy community.
