

Effective Leadership Workshop

Most leaders can talk. The effective ones listen.

If nobody's following you, you're not leading

This session, led by communications expert Renea Heinrich of MorganMyers, will help you mitigate conflict and effectively communicate with your farm team, family members, and even consumers.

Open to dairy farmers and industry professionals, this training will equip you with the tools you need to prevent conflict between team members. By day's end, you'll know the secrets to organizing your thoughts, sharing your story with consumers, and being an active listener.
