

# Your Workshop Presenters

**Carolina Pinzón MSc.** is owner and dairy consultant for FORTE Dairy Consulting. In this role, she helps dairy farmers achieve order, clarity and functionality in their business and working teams. Carolina earned her bachelor's degree in Animal Science from the National

University of Colombia and her master's degree in Dairy Science from the University of Wisconsin-Madison. She has gained experience in the dairy industry working as a herd manager, conducting milk quality research, developing training programs as Global Training Coordinator for BouMatic, and supporting dairy producer training needs as a Bilingual Training Specialist for Grande Cheese Company.

**Dr. Zelmar Rodriguez** earned a DVM in 2013 from the University of Uruguay. He worked until 2017 as a practitioner in the beef and dairy industry in Uruguay and New Zealand. In 2017, Rodriguez joined the Department of Veterinary Population Medicine at the University of Minnesota

as a research assistant in a major hoof health project; in 2018 he enrolled in the Ph.D. program to work with Dr. Cramer and Dr. Caixeta. His primary interest is in dairy cow health with an emphasis of disease onset during the transitional period. In particular, his research focuses on assessing diagnostic methods and risk factors associated with the development of hoof lesions and ketosis in dairy cows.

**Gláucio Lopes** earned his DVM degree in São Paulo, Brazil and served as a veterinarian on commercial dairy farms for nearly 2 years. In 2011, he earned his Masters of Science degree in Reproductive Physiology from the University of Wisconsin-Madison and in 2019 he earned his Executive MBA degree.

In 2011, Lopes joined Accelerated Genetics and World Wide Sires as a Reproduction Specialist, where he led the ReproConnections® reproductive support team. In 2016, Dr. Lopes joined the People Development Team at Alta Genetics as the Alta University Manager.

# Herdsperson Workshop

*exclusivamente en español*

Designed  
for experienced  
Spanish-speaking  
managers who  
oversee the dairy  
herd's everyday care

Tue., April 23 - Eau Claire, WI  
Thu., April 25 - Chilton, WI

# TAUGHT EXCLUSIVELY IN SPANISH

# Herdsperson Workshop

9:00 am Registration | 9:30 am Workshop Kick-Off | 4:00 pm Conclusion

## GENERAL SESSION

### The mindset of a team player – Carolina Pinzón MSc.

Prepare to adjust your mindset from flying solo to partnering with your team. As a herdsperson, you often wear several hats on the dairy: team leader, coworker, care-taker. Regardless of the role, your mindset must be team focused. Gather tips to become more engaged with the team and tricks to enhance healthy interaction amongst your peers.

## BREAKOUT SESSIONS

Participants attend all 3 sessions

### Let's talk about lameness - Dr. Zelmar Rodriguez

Address the challenges cow's hooves face at every step. As we look at the inner structures of the hoof and how it functions, we'll discuss the practical preventive measures and corrective treatments you can use on farm to put a standstill to lameness.

### Getting the job done - Dr. Gláucio Lopes

Build on your understanding of a high-producing cow's reproductive anatomy and physiology. In this interactive session, you'll explore the different reproductive events and body structures. In addition, Dr. Lopes will discuss various fertility programs and reproductive strategies to best prepare cows for artificial insemination. Discover the key performance indicators that indicate reproductive efficiency.

**Tuesday, April 23**  
**Chippewa Valley Tech College,**  
**Energy Education Center**  
4000 Campus Road, Eau Claire, Wis.  
**Thursday, April 25**  
**Fox Valley Tech College,**  
**Chilton Regional Center**  
1200 Chestnut St., Chilton, Wis.

### The milk machine from the inside out - Carolina Pinzón MSc.

See the udder from a completely different perspective and learn how it's capable of producing, holding and secreting milk day after day. During this dynamic hands-on dissection, you'll learn the inner workings of the udder, how it develops, and what goes on inside when infection arrives. By the session's end, you'll have a new appreciation for the marvel of the bovine udder.

## Entrenamiento Práctico – Exclusivamente en Español

Este entrenamiento práctico llevará sus habilidades con las vacas al siguiente nivel.

PDPW trae para Usted los mejores instructores e información para cubrir tres áreas claves del manejo del ganado lechero: calidad de la leche, cojeras y movilidad, y reproducción. En cada sesión, la ciencia innovadora y la aplicación práctica se unen a medida que exploramos la anatomía y la fisiología de la vaca desde adentro hacia afuera.

## If you're transporting your Spanish-speaking employees to the workshop,

we have something special for you. While your employees are being trained, you'll travel off-site to an area farm for a tour of the dairy, lunch and time to network with other dairy managers. Cost is \$25 per person.
