A JOURNEY OF A THOUSAND MILES begins with a single step, but you won't get there if you don't know where to start. Effective communication is where it begins, and it involves more than talking. Intentional listening and seeking to understand people are fundamental techniques you'll practice. And then you'll kick it up a notch by learning how to clearly articulate your thoughts, persuasively engage others, and read their body language.

UNLOCK YOUR FUTURE: CAREER DISCOVERY

The world needs your talent. Whether you know the career you'd like to pursue or you haven't got a clue, the farm tour, hands-on workshops and other activities at Stride will get your wheels spinning. A mini career fair will introduce you to a variety of new technologies and career options you may not have considered. You'll have the opportunity to talk with – and ask questions of – people currently working in various fields. Take a look at careers in finance, medicine, food, marketing, precision-data, regulation and more.

NOVEMBER 12, 2022 | JUNEAU, WI

YOUR FUTURE SUCCESS hinges on how you interact and work with others. Employers are looking for leaders with strong social and communication skills, emotional intelligence and an ability to collaborate with different personalities.

At Stride™ you'll participate in a whirlwind of team challenges and activities that bring out the leader in you. You'll learn important techniques that distinguish you from the rest.

You won't leave the way you came.

GREAT TEAMS ACHIEVE GREAT DREAMS

The things you can accomplish by yourself will never be greater than what you can achieve by working with others. Prepare to have fun in a series of fast-paced (*and sometimes hilarious*) group activities. You'll be amazed at how much more productive you are when you partner with others.

TWO HIGH-ENERGY COACHES with one life-transforming objective will open your eyes to ideas you've maybe never considered. The action will be non-stop, your adrenaline will be pumping and you definitely will not feel like you're sitting through a lecture. Prepare to have a blast.
